Bellow (separated by three empty lines)

Emojis                    
       

Font Awesome:

 twitter.com/cloudogu

 github.com/cloudogu

To the right (separated by - - -)

Syntax highlighting

```
String hello = "world";
```

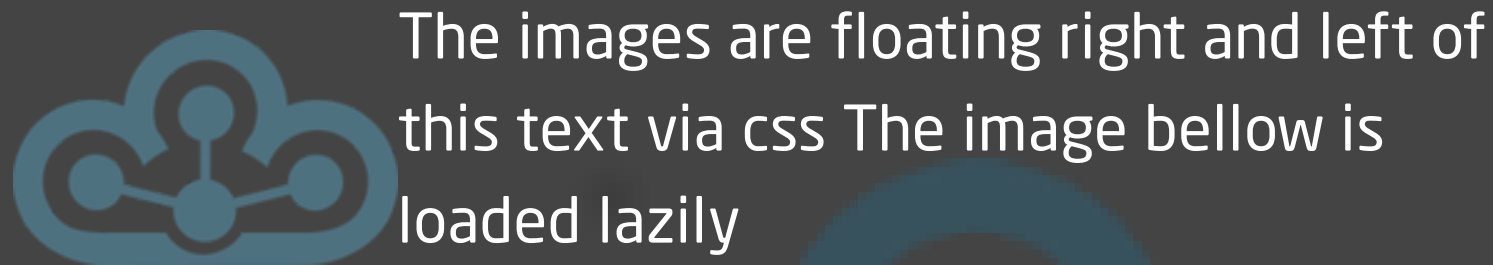

Quotes:

A container image is a lightweight, stand-alone, executable package of a piece of software that includes everything needed to run it: code, runtime, system tools, system libraries, settings.

Separate files are placed to the right

The order is sorted alphabetically, by default. You can customize this by creating a `slides.html`!
